- **Help children of all ages develop their confidence and integrity to act with courage when no one is looking**
- **Create a family or school climate of caring, respect, responsibility, & honesty**
- **Help children reach their fullest potential by identifying and strengthening their unique character qualities, their virtues**
- **Learn a new positive language to communicate effectively**
- **Set clear virtues-based boundaries with relevant consequences and restorative justice**
- **Listen with compassionate curiosity to empower children to find clarity & resolve conflicts.**

*The Virtues Project™ is a multicultural, worldwide initiative being used in more than 100 countries. It was honored by the United Nations as a model program for people of all cultures.*

*Clock hours are available for Teachers.*

*"Deepening our values/virtues enables us to be even more valuable parents, friends, educators and community members." – Caroline Clarke, Bainbridge Island, WA*

*"Hands down, the BEST parenting class we ever took! It gave our family a language we could all speak; with respect, understanding, responsibility and love." -Kimberly Parker, Poulsbo, WA*
